

REMARKS

The present Amendment revises the claims to remove the improper multiple dependencies. New claims 13-25 are added to recite additional features of the invention. Claim 13 is supported by original claim 3, claims 14-16 are supported by original claim 4, and claims 17-19 are supported by original claim 5. Claims 20-22 are supported by original claim 6. Claims 23-25 are supported on page 7, lines 4-11, of the specification. No new matter is introduced by these amendments.

Prompt and favorable examination is requested.

Respectfully submitted,

Garrett V. Davis
